**Report On Expert Session Of Mr.Japan Trivedi**

On 02<sup>nd</sup> December, 2023 the Graduate School of Management Studies (GSMS) at Gujarat Technological University organized a Expert session on “Lean Management & Six Sigma” as part of its Classroom Lecture Series. The guest speaker for the session was Mr. japan Trivedi, Expert trainer of Lean Management System. The aim of the lecture was to provide practical knowledge to GSMS students specifically to Students of MBA (IB) Semester – 3 to enhance their understanding of various aspects related to Lean Management & Six Sigma. Mr. Trivedi’s extensive expertise and experience in the field made him the ideal choice to share valuable insights with the students.

The guest lecture began with a warm welcome speech delivered by Saumya S. Adhikari Student of MBA (IB) Semester - 3. Mr. Trivedi then commenced his session by discussing the fundamental of Lean Management approach.

The session commenced with an exploration of Lean Management principles. Participants gained a deep understanding of the core concepts, such as value stream mapping, waste reduction, and the five principles of Lean.

The expert emphasized the synergies between Lean Management and Six Sigma, leading to the integration known as Lean Six Sigma. This section covered how organizations can leverage the strengths of both methodologies to achieve comprehensive and sustainable process improvements. Real-world examples were provided to illustrate successful implementations and the resulting positive impacts on efficiency and customer satisfaction.

Following the conclusion of the question-answer session, the session coordinator expressed gratitude to Mr. Japan Trivedi for his insightful lecture. A vote of thanks was extended to acknowledge his valuable contribution to the students' learning experience.
