Report on “An Expert Session on Time Value of Money”

1) Title of Event: Time Value of Money

2) Type of Event: Expert Session

3) Date, Time, and Venue of the Event:

Date: 8th & 9th February 2024

Time: 3:30 PM to 6:00 PM

Venue: Classroom No. 10

4) Description of Event:

The expert session on the time value of money in finance provided a comprehensive overview of how the value of money changes over time due to interest rates and inflation. Topics covered included the principles of present value, future value, annuities, and the use of various financial formulas to make informed investment decisions. Practical examples and case studies were utilized to illustrate the concepts, allowing participants to grasp the significance of considering the time value of money in financial planning and decision-making.

Moreover, discussions have covered the importance of discount rates in determining the present value of future cash flows, as well as the impact of compounding periods on the future value of investments. We have also learned about how to invest in the insurance, which factors to be seen and what things should be taken into consideration.

Overall, the expert session has provided participants with a solid understanding of the time value of money and its significance in making informed financial decisions.
