Report on “Expert Session on Corporate Finance”

1. **Title of Event:** Dividend Decision

2. **Type of Event:** Expert Session

3. **Date:** 16th October, 2024

Time: 11:00 AM to 1:30 PM

Venue: Room No. 08

4. **Description of the Event:**

The expert session on **Dividend Decisions** was organized for BBA Semester 5 students, focusing on key financial models that guide dividend policy. The session was led by a knowledgeable instructor who covered three pivotal models: **Walter's Model**, **Gordon's Model**, and the **Modigliani-Miller (MM) Model**.

The event began with an introduction to the importance of dividend decisions in corporate finance. The instructor emphasized that these decisions significantly impact a company's financial health and shareholder value. The session provided students with a comprehensive understanding of how different dividend models operate and their implications for corporate financial strategy.

By examining these theories, students gained insights into making informed decisions regarding dividend policies in their future careers in finance. This interactive session encouraged questions and discussions, enriching the learning experience for all participants.
