Report on “Industrial Visit at Huber Group India Pvt Ltd.”

1. Title of Event: Industrial Visit at Huber Group India Pvt Ltd.

2. Type of Event: Industrial Visit

3. Date, Time, and Venue of the Event:

Date: 5th April, 2025

Time: 11:00 AM to 2:00 PM

Venue: Huber Group India Pvt Ltd., Phase-II GIDC, Vapi, Gujarat

4. Description of the Event:

Industrial visit was organized by the GTU-SMS for 4th and 6th semester BBA students to get insight of the practical knowledge and theoretical knowledge used by the Huber Group India Pvt Ltd, Vapi. The plant was established on 1991 for the manufacturing of UV oligomers, polyurethane resins, laminating adhesives, pigments, and additives for the printing and chemical industries. The visit began with a detailed introduction to the company's legacy, global operations, and commitment to innovation and sustainability. Students were then taken on a comprehensive tour of the plant, starting with the raw material storage units and progressing through the formulation, mixing, and quality control departments. The highlight of the tour was observing the state-of-the-art machinery used in the ink production process and understanding the stringent quality checks conducted at each stage. Organized by the Placement Committee of GSMS, the visit also included an interactive session with company professionals, where students had the opportunity to ask questions and learn about the industry's latest trends and challenges.

5. Number of participants:

A total of 52 BBA students of the 4th and 6th semester along with 2 faculty members and 2 staff members participated in the visit.

6. Feedback of the Event:

- The Huber Group team was very friendly and welcoming, which made the students feel comfortable and interested throughout the visit.
- The visit was well-planned and organized, with clear communication about the schedule. Everything went smoothly, making the experience easy and enjoyable for everyone.
- The visit helped students understand how the things they learn in class are used in real industries, especially in the field of printing inks and chemicals.

Gujarat Technological University

(Accredited with A+ Grade by NAAC)

- Students were amazed by the modern machines and technology used in the production process. It showed how automation helps improve both speed and quality in manufacturing.
