**Report on “Study in France”**

**1) Event Title:** Study in France

**2) Type of Event:** Interactive session (Seminar)

**3) Date, Time and Venue of the Event:**

Acharya Chankya Hall on 19<sup>th</sup> August 2025 from 02.00 PM to 04.30 PM

**4) Description of the Event:**

An interactive session was conducted by Prof. Amod Bhat from Avaincity University, where he explained how technology and artificial intelligence have grown in today's world and highlighted the wide range of learning opportunities available for students. He also spoke about how students from both engineering and management backgrounds can explore great career and academic prospects in France. The session also featured Mr. Sujit Nair, Manager at Campus France, who guided students on studying in France. He explained the different courses available, the advantages of French institutions, the application process, and the scholarships and benefits offered to international students. The session gave students valuable insights into future opportunities in France and how they can plan their higher education there.

**5) List of Experts:**

Prof. Amod Bhat, with over 12 years of experience in developing and managing international academic collaborations and partnerships, is passionate about creating and sustaining meaningful and mutually beneficial relationships between higher education institutions across the globe. He currently serves as the Director for the Indian Subcontinent and Middle East region at aivancity School for Technology, Business & Society, Paris-Cachan. In this role, he is responsible for promoting and facilitating student and faculty exchanges, academic collaborations, and knowledge sharing between aivancity and its partner universities in these regions.

Mr. Sujit Nair is currently serving as a Manager at Campus France, where he guides and supports students in pursuing higher education opportunities in France. He provides detailed insights on the range of courses available, admission procedures, scholarships, and other benefits offered by French institutions. Through his role, he helps students understand the academic environment in France and facilitates their journey to access global learning opportunities.
